

ABOUT US

VINEXA Global Enterprises is an Indian enterprise engaged in the trading and export of high-quality engineering products, industrial components, machinery parts, and automotive spares worldwide. We work closely with trusted manufacturers, precision engineering facilities, and certified suppliers to deliver reliable, durable, and cost-effective solutions for global industries.

Our Core Strength

✓ Exporter of Premium Engineering Products & Automotive Components

✓ Strong sourcing network across leading Indian manufacturing hubs

✓ Verified partnerships with certified engineering companies, and industrial suppliers

✓ Strict adherence to international quality, safety, and technical standards

✓ Custom manufacturing, private branding, and specification-based solutions

✓ Expertise in industrial machinery parts, fasteners, castings, forgings, valves, bearings, and precision-machined components

✓ Reliable supply chain management with competitive pricing and timely deliveries

ENGINEERING PRODUCTS

PRECISION | QUALITY | RELIABILITY

INDUSTRIAL COMPONENTS

High precision machined components for various industrial applications.

- Shafts & Spindles
- Flanges
- Bushes & Sleeves
- Custom Machined Parts

FABRICATED PRODUCTS

Custom fabricated structures and assemblies as per customer drawings.

- Structural Fabrications
- Equipment Frames
- Housings & Enclosures
- Welded Assemblies

AUTOMOBILE COMPONENTS

High quality components for automotive and ancillary industries.

- Transmission Parts
- Gear Components
- Shafts & Axles
- Engine Components

FASTENERS

Wide range of fasteners in standard and custom specifications.

- Hex Bolts & Nuts
- Studs & Threaded Rods
- Washers
- Special Fasteners

ENGINEERING CONSUMABLES

Industrial tools and consumables for smooth and efficient operations.

- Cutting Tools
- Drilling Tools
- Taps & Dies
- Carbide Inserts

PIPES & FITTINGS

High quality pipes, tubes and fittings for industrial applications.

- Stainless Steel Pipes
- Pipe Fittings
- Flanges
- Valves

SHEET METAL COMPONENTS

Precision sheet metal components with various finishes.

- CNC Laser Cutting
- Bending & Forming
- Enclosures
- Panel Components

CUSTOM SOLUTIONS

End-to-end engineering solutions from concept to completion.

- Product Design & Development
- Prototype Manufacturing
- Reverse Engineering
- Assembly Solutions

PACKAGING & QUALITY ASSURANCE

VINEXA
— GLOBAL ENTERPRISES —
— Taking India's best to Worldwide —

✓ Direct sourcing from approved supplier for superior quality control and consistency

✓ Pre-shipment inspection as per buyer specifications

✓ Compliance with international export quality standards

✓ Active supervisions by VINEXA at every stage from sourcing to final shipment

AUTHENTIC INDIAN PREMIUM AURA ENGINEERING PRODUCTS
